B19/SB19 SERIES

GENERAL FEATURES

With its high gloss front, brushed steel sides and stylish slim design, the B19 series cooler is perfect for any home or office.

COLD TANK: 3.3 litre type 304 stainless steel for superior chilling. The highly polished surface is easy to clean and maintain.

HOT TANK: 1.8 litre type 304 stainless steel with 500 watt sheathed heater to ensure temperature control. The on/off switch is easily accessible at the back of the unit.

CABINET: White high gloss front with brushed steel silver sides. The top and front panels are moulded ABS plastic and the side panels are high polymer polyester coated steel.

TAPS: NSF approved. The hygienic, self-closing push taps are made from durable polypropylene. Hot safety tap comes standard on hot/cold model.

OPTIONAL EXTRAS

SELF-FILL BOTTLE: A flexible filtration option for home, office or factory. Just fill with tap water for a continuous supply of fresh water. The SFB is the perfect partner for all bottled coolers and ceramic dispensers.

NON SPLASH VALVE: Allows the bottle to be changed without excess spillage. Simply place the bottle on the cooler and the valve opens to let the water through. When removing the bottle, the valve automatically closes.

Waterworks™ Australia

ABN 91 902 793 936

48-50 Neumann Road Capalaba Queensland 4157

Bulk Warehouse: 53 Neumann Road Capalaba Queensland 4157

WARRANTY

The entire range of Waterworks™ 19 Series water coolers are covered by our 3 Year Comprehensive Warranty (copy available on request). The warranty provides comprehensive parts and labour coverage for the period of 3 year from the date of original sale.

Damage to the stainless steel tank may occur if using reverse osmosis or incorrect filtration.

Warranty will be void in the event of this happening.

Please discuss filtration options with your local water filter specialist.
